

DAILY GAZETTE.

TERMS:

One Week.....\$ 25
One Month.....1 00
One Year.....10 00

Beautiful moonlight nights.

For a good shave go to Judd's Barber shop. 22-1 w.

Dr. Arnold has an entire change of Programme. Wednesday night.

The post office has a metropolitan air at mail time in the evening.

As the post office is in the Baca building everybody goes there; How well being at hand catches the grocery trade, and afterward keep it by reasonable prices.

Yesterday morning two men, a darky and a Mexican met on the street near the Gazette office and had some misunderstanding, when the colored gentleman proceeded to put quite an extensive nose on his antagonist.

Building is going forward as rapidly as possible at the Springs.

A narrow gauge railroad is projected between town and the Hot Springs.

Col. Mills sold five lots for Mrs. Mills yesterday at the Springs for residence property.

Regular meeting A. F. & A. M. to-night. All Masons in good standing are cordially invited to attend.

Take your wives your daughters and your sweethearts to Mora Cañon on the excursion train next Sunday.

Sunday, Monday and Tuesday of this week have been nearly as warm days as we have had this summer.

A new paper in the interest of Gen. Grant for a third term will soon be attacked from Washington on an unappreciative public.

Urbano Chacon announces his retirement from the Albuquerque Mirror, and denies emphatically that there had been any disagreement between himself and his partner Mr. Salazar. The new firm is Salazar & Lindheim.

St. Joseph Mo. has a committee out soliciting immigration. The board is especially anxious about getting in old timers who will bring their furniture with them; and settle down. They are apt to make permanent residents when their household goods are included in the bill of lading. Las Vegas is better off, however, she has a furniture store kept by A. O. Robbins, whereat all articles of necessity and luxury can be obtained cheaper than they can be transported hither.

Territorial Notes.

The following items have been taken from the Albuquerque Mirror: Don Meliton Chaves has been appointed post master of Albuquerque. The process of growth has commenced and a real estate firm is talking up additions and town lots. Mr. Ed. Bradford is succeeding admirably in fruit growing, apples, pears, peaches, etc. doing well.

A line of stages to the mines is talked of.

A correspondent at Santa Fe takes the same view of the railroad prospects that the GAZETTE Correspondent, Rivulet, did.

The Grant County Herald of August 9th says:

We learn that the Clifton Railroad is being pushed forward very rapidly and that it will probably be completed before winter sets in.

The Hon. John S. Espy, living in the lower portion of this county, on the Abbeville road, killed on Sunday a rattlesnake that measured seven feet six and a half inches in circumference. It had sixteen rattles and a button.

Very genial was good old Dean Erskine, of Ripon, when a jessive rural dean said to him, in a bantering way, "I don't see why, if you cathedral deans have the prefix, 'Very Reverend,' we rural deans shouldn't have some prefix, too?" "Well," replied the canny Scot, with a chuckle, "suppose we call you 'Father Reverend!'"

A gentleman traveling on a train of cars said to the conductor: "Suppose the brakes should give way, where would we go to?" The conductor remarked that it was impossible for them to give way. But the gentleman again asked the question, when the conductor replied, "It all depends on what your past life has been."

Grand Railroad Excursion.

Large bills were posted throughout the town yesterday announcing the grand excursion by rail to Mora Cañon on Sunday next. Messrs. Giles & McNair have taken the matter in hand with an evident design to make a success of it. They will spare no pains to make everything comfortable and pleasant for the excursionists. Dancing on the platform to be constructed for that purpose, croquet, picnicking and general diversion will be the order of the day. Numbers have already expressed their intention of going and are making their preparations accordingly.

A Live Daily.

Thirty-Four returns it's thanks to Bro. Koogler for the Daily GAZETTE. Which arrives six times a week in exchange for our weekly issue. It is a valuable and highly appreciated visitor and furnishes our news columns with many items of interest in regard to the upper country. Persons in this part of New Mexico who want to read a live daily newspaper should send \$10 for a year's subscription or \$1 for a month on trial. -Thirty-Four.

Dr. Arnold will give his last entertainment to-night and we hope he will have a full house to witness this excellent performance. It will repay the time and money expended going. Every one should hear him.

Personals.

Col. Barnes and family arrived by Tuesday night's train. They are stopping with Col. Mills.

J. S. Duncan has returned from his Arizona trip and will take up his residence here. His family will join him here in a few days. As he cannot rent he will build a house.

Notwithstanding much said to the contrary, Texas may be set down as a morally progressive state. Some time ago the Legislature passed an act against profane swearing, and now they have a Sunday law. One of the victims of the latter was the editor of the Sherman Courier, who was prosecuted for issuing his paper on Sunday. He does not think well of it.

According to our last foreign dispatches the active gold movement from England to the United States is further supplemented by a movement of government bonds for transmission to New York. It is all the same. Our bonds held in foreign hands answer the same purpose as the gold, which would be in the vaults and strongboxes. We are fast becoming the creditor nation of the world.

A gentleman who suffered much from palpitation of the heart, says he was instantly relieved by applying another palpitating heart in the region affected.

OFICINA DEL CUERPO DE COMISIONADOS DEL CONDADO DE SAN MIGUEL, LAS VEGAS N. M. Agosto 22 1879.

Sewing Machines.

The Latest Improved SINGER MACHINES. can be found at FRANK CHAPMAN'S Store, sold at states prices with freight added. W. A. GIVENS, Agent. Las Vegas, New Mexico

LOTS FOR SALE AT THE HOT SPRINGS OF NEW MEXICO.

The completion of the Atchison, Topeka & Santa Fe Railroad to Las Vegas and the Hot Springs and the fact that they, the greatest corporation of the age, have recently become the owners of these Springs, their policy being to spare no money to make the ground attractive, and to furnish ample Hotel and Bath accommodations to meet the demands of their patrons. By their grand system of advertising, and the liberal spirit that they have always shown toward the traveling public, makes it an accomplished fact that the Hot Springs of New Mexico is destined to become the greatest Sanatorium and Tourist Resort in America.

Remarkable Springs

although until within a few years comparatively unknown to the outside world, have a local reputation which antedates the present century, and from time immemorial have been resorted to as the "Great Salubrious" by the natives of this Territory. The mineral constituents of these waters closely resemble those of the Hot Springs of Arkansas, and those famous Thermal Springs of Europe. The Platers in the valley of the Rhine, and the Plombieres, the popular resort of France, situated in the valley of the Vosges Mountains, and the Leux in the picturesque valley at the foot of the pass over the Genne Mountains. At these springs thousands of invalids visit annually, and are

Cured of the Diseases of the Blood

skin, stomach, paralysis, gout, rheumatism, gravel, Catarrh, and female complaints by both in and drinking the water. People visiting the Hot Springs of New Mexico have been cured of all the above diseases, and even more. It is the invalids paradise. The great sanatorium of the world for lung diseases. The atmosphere is clear and dry, and pulmonary and miasmatic complaints are scarcely known.

The proportion of deaths from consumption here being smaller than in any state or territory in the Union. The mean annual temperature at these Hot Springs is 50° Fahr, being at an elevation of nearly 6400 feet. Summers are cool; nights from 55° to 60°, and the winters are remarkably mild and dry, the temperature seldom falling below the freezing point. The rainy season is in July and August. These Springs are located in about 35 degrees of north latitude, which makes the climate mild and temperature unmarked by extremes either of heat or cold. The bracing air, its mountains, the gorgeous picturesqueness of its canyons and valleys combine to make it one of the most pleasant resorts for tourists. Only 36 hours ride from St. Louis. After leaving La Junta, Colorado, until reaching the Springs the traveler sees spread before him a vast panorama of mountain, valley, and rocky canyons, stretching hundreds of miles. No better place can be found for the stock-grower to live and raise his family than at the Springs.

With all of the above advantages the duldest of comprehension cannot fail to see the advantage of an early investment in property in and about the Springs, as there are but a few hundred lots for sale, and they will soon largely enhance in value from the prices now asked.

A Word to the wise is Sufficient.

Write or call at our office in the Baca building in Las Vegas, or at the Springs. MILLS BEECHER & CO.
